OUR PRODUCTS FOR INDIVIDUALS

OUR SERVICE

CONSULTANCY SERVICE

Towards the customer-centric approach as one of the core value, we have built up a strong sales team consisting of Japanese, Korean, and Vietnamese members.

We provide the in-depth and comprehensive consultancy about the solutions to minimize risk and maximize your safety. You will be assured that we always response to any of your enquiry in a dedicated and timely manner.

CLAIM SERVICE

With a team of experienced and professional claim specialists, we have settled thousands of complex claims under various lines of insurance such as Property, Engineering, Liability, Cargo, Motor, Health and Accident.

When you file a claim, we understand the hardship you face in the course of your business. Our claim team will proactively and fairly handled and help you quickly get back to normal operation.

RISK SURVEY SERVICE

Risk survey service is one of our major competence.

With the international standard expertise transferred from parent company in Japan and specialized local risk engineer team, we are able to provide the best risk survey and loss prevention consulting service in the market that can help you to identify the risk exposures during your operation and eliminate possible losses.
